

Tamil Nadu Pollution Control Board

தமிழ்நாடு மாசு கட்டுப்பாடு வாரியம்

Directory of Manufacturers & Suppliers of
Eco-alternative Materials for Single Use Plastics
in Tamil Nadu

2024

PREFACE

The Government of Tamil Nadu, vide G.O. Ms. No. 84 dated 25.06.2018 under Section 5 of the Environment (Protection) Act, 1986 notified imposing ban on manufacture, storage, transport, supply, sale and use of use and throw plastics such as plastic sheets used for food wrapping, plastic spreads on dining table, plastic plates, plastic coated tea cups and plastic tumbler, water pouches and packets, plastic straw, plastic carry bag and plastic flags etc., irrespective of their thickness with effect from 01.01.2019. As per this notification, “No person including shopkeeper, vendor, wholesaler, retailer, trader, hawker or salesman shall use ‘use and throwaway plastics”.

The Tamil Nadu Pollution Control Board (TNPCB) in co-ordination with line departments has taken action for effective implementation of the ban on such plastics, which include awareness programmes through regional conferences, district environmental committee meetings, rallies at district headquarters, messages through social media, display board in national highway toll gates, surprise checks for enforcement and so on. The awareness programs conducted mainly focused on the use of eco-alternative materials to the banned Single Use Plastics which include products made from cloth, jute, paper, areca nut, glass and several other organic or eco-friendly materials.

Subsequently, the Government of Tamil Nadu vide G.O (Ms) No. 116 of Environment, Climate Change & Forest (EC.2) Department dated 27.11.2021 notified 4 strategies to be adopted to fight plastic pollution and eliminate single use plastics which are as below:

- 
- a. Support people's movement against plastic through communication that is impactful and innovative
 - b. Design a framework for effective monitoring and reporting on implementation of the plastic ban across the state.
 - c. Coordinate and interface with stakeholders to design and popularize sustainable eco-friendly alternatives.
 - d. Work with industry, Micro, Small and Medium Enterprises and other stakeholders to create a roadmap for large scale production of eco-friendly alternatives to plastic packaging through workshops, seminars and knowledge sharing.

In this regard, “Meendum Manjappai” campaign was launched on 23.12.2021 during which display of various eco-friendly alternatives in the exhibition stalls along with machineries for production of eco-friendly alternatives had been exhibited.

Further, a National Task Force (NTF) was formed under the chairpersonship of Secretary, Ministry of Environment, Forest & Climate Change (MOEFCC) and during the second National Task Force meeting held on 04.04.2022 it was insisted to raise awareness on the availability of Alternatives to Single Use Plastics (SUP) items in the market.

In order to make the details of eco-alternative products manufacturers and suppliers in the State of Tamil Nadu widely available in the larger public interest, the Tamil Nadu Pollution Control Board (TNPCB) has launched “Directory of Manufacturers & Suppliers of Eco-alternative Materials for Single Use Plastics in Tamil Nadu” on 26.09.2022.

Further, the Board has updated the Manufacturers & Suppliers of Eco-alternative Materials for Single Use Plastics across all districts in Tamil Nadu and has launched the “Directory of Manufacturers & Suppliers of Eco-alternative Materials for Single Use Plastics in Tamil Nadu – 2024”.

This Directory will serve as a baseline data for those seeking information regarding manufacture, supply, sales and export for eco-friendly nature based alternatives to SUP in their nearest location.

DISCLAIMER

The Directory is intended to serve as a guide and a compilation of Suppliers & Manufacturers of eco- alternatives to Single-Use Plastics spanning 38 districts of Tamil Nadu. The Tamil Nadu Pollution Control Board (TNPCB) has made every effort to ensure accuracy of the information and material presented in the Directory. Nonetheless, all information contained in this publication may change without notice as they are pertaining to individual business owners upon whom, neither TNPCB has no functional or administrative control and do not constitute professional advice in any manner.

TERI has earlier made the collation and compilation of the directory, information including telephone numbers, addresses, product information and photographs have been obtained from all open sources viz, individuals, business associations, trade directories, web-based directories etc. which is subsequently updated by TNPCB. The endeavour has been to include all potential businesses to give increased visibility in larger public interest and provide as much comprehensive information as possible. Therefore, TNPCB cannot anticipate or be held responsible for any / all variations in actual end-use conditions and TNPCB cannot be held accountable for any inadvertent omissions or omissions resulting from unavailability of proper information at source.

As the whole initiative is done purely in public interest and done with the sole intent of facilitating every stakeholder a smoother transition to eco-friendly alternatives from Single Use Plastics (SUP), no business(es) or party / parties can claim to be featured or to not to be featured as a matter of right as TNPCB make no warranties and assume no liability in connection with publishing or any use of this information. However, discrepancy / discrepancies, representations of any form or manner and error(s) found, if any, in this publication may be brought to the notice of TNPCB for appropriate correction during revisions or on release of updated editions in future.
